

## ICRB - 2018

International Conference on Radiation Biology  
(Under the auspices of Indian Society of Radiation Biology)

ADVANCES IN RADIATION BIOLOGY-RADIOTHERAPY AND RADIATION COUNTERMEASURES  
Pre conference workshop on 4<sup>th</sup> October 2018

14<sup>th</sup> Biennial Meeting of Indian Society for Radiation Biology (ISRB)

Date : 4<sup>th</sup> - 6<sup>th</sup> October 2018

Organized by

K S HEGDE  
MEDICAL ACADEMY

Venue : KSHEMA Auditorium

### FEEDBACKS

Here are some comments on the Conference from our participants/ speakers:

- Indeed it was a great conference, all the sessions, arrangements and hospitality was great. I had great time at your nursing institute. Once again a big thanks to entire team of highly enthusiastic team (**Kotamballi N. Chidambara Murthy**, *Principal Scientist, Central Research Laboratory Ramaiah Medical College and Hospitals*).
- Indeed it was my pleasure to be a part of such an wonderful event. You are grateful and fortunate to have an Organisation support and team,. Without them i do not think it was possible (**Dr P. Venkatachalam**, *Professor in Human Genetics, Associate Dean (Research), 7, Deputy Facility Management, (Centre for Experimental Toxicology), Sri Ramachandra Medical*).
- Thanks - I enjoyed the conference and the visit to India. All the best. (**Charles Limoli**, *Ph.D. Professor, Vice Chair, Research & Academic Affairs, Dept. of Radiation Oncology, University of California*).
- Thank you madam. Congratulations on successfully conducting this conference. It was indeed a great success! (**Dr. Kamalaksh**, *KMC Observer, A.J. Institute of Medical Sciences, Mangalore*).
- Thanks for the email. No doubt, ICRB 2018 was well organized and the arrangement and hospitality extended were commendable. I have no hesitation to congratulate the organizers in successfully organizing the conference. The only negative point I can

point out is that the large number of the parallel sessions could have been avoided. This can be looked into in future meetings (**Dr CKK Nair**, *Director of Research, St.Gregorios Dental College & Research Centre, Kothamangalam 686681, Kerala, India*).

- Thank you very much for your kind courtesy and good words. Also I would like to thank you for the opportunity given to me in taking part in the conference. I congratulate you for successfully organizing the international conference. (**Dr. Somashekarappa Hiriyur Mallaiah** *CARRT, Mangalore University*).
- The Workshop and Conference was very well organized. Hearty congratulations for the same. I once again thank for having given me the opportunity for an invited talk in the workshop and chairing a technical session of the Conference. I wish many more success in the coming days (**Dr. Prashantha Naik**, *Professor and Chairman, Dept of P.G. Studies and Research in Biosciences, Mangalore University*.)
- Indeed, it is a wonderful experience to be a part of ICRB-2018. We enjoy your excellent hospitality, scientific sessions, personal and professional interactions with other eminent scientists participated in the conference came from within country and abroad. All and everything was excellent. The interaction with Vice Chancellor NITTE University, Dean and vice Dean Dr. Satish Shetty and convener of ICRB madam Dr. Suchetha Kumari ji was memorable. Being your collaborator we will definitely in touch in future. INMAS is always with you in all future scientific programme. Let us do something great and meaningful for the society and our beloved country (**Dr.Rajkumar**, *Scientist, Radiation Biotechnology Lab, INMAS, Delhi*).
- Firstly, I thank the organizing committee for their wonderful conference. It was indeed a “Real” International Conference. I have attended 9 conferences in last five years, and in all the earlier ones I have seen the same faces and almost similar talks with minute alterations. But in this conference, I could really feel the international trend and updates. The arrangements, the hospitality, the food, the cultural bonanza and the heart of the conference “ Scientific sessions” were worth attending with less description and more discussion deep in the subjects. The speakers were aware of the current need and

expertise in their own fields. Multiple rooms/halls with multiple sessions was a real treat for the curious science minds. The poster sessions were apt and covered the topics worth knowing for graduates to scholars. In one sentence, I can say that “this was one of the best and meticulously organized international Conferences in southern India (***Dr. Siddaraju, University College, Mangalore***).
